DALY CITY BAND HEADS LOCAL UNITS IN SUNDAY PARADE

Periodical rainstorms and a cold wind failed to dampen the spirit that prevailed over the St. Patrick's Day Parade units last Sunday as an attractive Daly City contingent joined groups from throughout the bay area in one of the largest formations ever seen in San Francisco.

One of the most elaborate displays in the parade, the Daly City unit was headed by the Daly City Band, with Maestro George Brenner at the fore.

Next came a profusely decorated float, crowned by four lovely local coeds, Doris Parodi, Jacque Cuneo, Joy Fogleman and Leontine O'Berg. "Daly City, Gateway to the Peninsula," was inscribed in flowers on the float.

Eddie Allen, chairman of the float committee, and his son, Eddie jr., followed the float on silver-saddled Palomino prize-winning horses. The color guard, comprised of Captain Joyce of Fire Company No. 1, Andy Donaty, George DeBono and Henry Weisner, came next with Captain Fred Mather and the men of Company No. 4 bringing up the rear.

The parade committee this week expressed its thanks to merchants whose contributions made the city's participation possible; to individuals who lent their efforts in the parade, and to Mrs. Trixie Beason, president of the Daly City Band.

Contributions for financing the float were made by:

Rod and Gun Club Braves Rainy Day At Casting Tourney

Temperamental weather dampened everything but enthusiasm last Sunday as Rod and Gun Club fishermen and their wives assembled at the high school football field for a surf casting tournament.

Braving five hours of periodical rainstorms, approximately 20 members and their wives enjoyed a day of casting practice, and several went home victorious with prizes of equipment.

Ed Nenstiel and Jim Fox's team, winners of the over-all best team prize, was rewarded by its opponent, Louis Bianchini's team, who purchased liquid refreshment.

Individual winners were Nenstiel, DeNatale and Scally, for longest casts; Day, Gibbs and Hopman for lane casts, and Hopman, Nenstiel and Fox, best average.

Prizes included two reels, three dozen bass hooks, 800 yards of fine line, fishing kits, a dozen sinkers, and cash prizes for Mrs. Burton and Mrs. Gibbs, who won first and second place for ladies.

Lions Go Irish At Wed. Luncheon; Green Ties Prevail

Flashy green ties and shamrock boutonnieres were all the rage yesterday as Lions Club members assembled for their weekly luncheon at Estrada's Spanish Kitchen.

The occasion, of course, was St. Patrick's Day, and the wearin' of the green extended even to the blarney thrown about by the O'Haras, Shannons, O'Learys and Murphys - for - a - day gathered around the table.

Gil O'Shaughnessy, program chairman, provided a suitable entainment for the occasion — a program of Irish songs and melodies employing club talent exclusively.

Playing the piano, the violin and the saxophone, O'Shaughnessy, Art Kloth and Elio Fontana provided accompaniment for group singing and yodeling. A long session of Erin songs echoed through the restaurant as members aired their tonsils, vieing for louder distinction.

Next week's program, under the direction of Elio Fontana, will feature "G-2 and the Battle of the Bulge."

A well known and much loved figure throughout all golfdom, Benny was one of the country's leading pros during the 1930's. He was tutor for many of today's best recognized west coast amateurs during his 14 years at the local links.

Find Opportunities In Army Service

Local men who served in any of the armed forces during World War II will find it worth their while to investigate a new opportunity for qualified veterans to enlist in the Army for service with the famous 7th Infantry Regimental Combat Team of the 3d Infantry Division, Major Frank J. West, recruiting officer, said today.

Recently authorized by the Department of the Army, this new enlistment opportunity makes it possible for men with prior service who meet prescribed qualifications to enlist in the Army in a grade appropriate to their training and length of service. They will be assigned to this combat team for a minimum of three years. The 7th RCT is now stationed at Fort Benning, Georgia.

"The 7th Infantry Regimental Combat Team," Major West said, "chalked up a record of 531 days of combat against the Nazis in North Africa, Sicily, Italy, France, and Germany during World War II. A component of the famed 3d Infantry Division, it includes the historic 7th Infantry Regiment, which was organized in 1789 and is the second oldest regiment in the Army."

Major West said only veterans who have served in one of the armed forces since May 12, 1945, will be accepted for this top-notch outfit. Preference will be given to men who served with units either assigned or attached to the 3d Division at any time during World War II. Men already trained in military specialties will be enlisted in grades appropriate to their skill and length of service.

$667.50 Collected After Third Week Of Red Cross Drive

Red Cross contributions in Daly City totaled some $667.50 — approximately one fifth of the city's $2,500 quota — as the third week of the current drive drew to a close today.

More than half the amount, approximately $365, was collected in the women's portion of the drive, through soliciting in the bank and the city hall, and through house-to-house canvassing in the Crocker tract.

The remainder, some $292.50, was turned in to the office of Arthur J. Bodien, drive chairman, by business men on the campaign committee and by individual donors.

Additional contributions which had not been counted in the overall drive were funds collected by the Colma committee, headed by Mrs. M. Pauline Brown, and individual contributions sent directly to the county office.

Mrs. Ann Ingersoll heads the women's drive in Daly City

O.L.P.H. Traffic Guards Get Pennant From Daly City

A blue and gold pennant — symbolic of safety work performed by traffic squads — hangs this week in the auditorium of Our Lady of Perpetual Help School.

The pennant was awarded to the school last week by the City of Daly City, in recognition of the help given by squads of school children in directing traffic at nearby intersections.

Trained by a delegation of local police, the young safety workers have been lauded repeatedly in their efficient handling of traffic during morning, noon and afternoon hours when children are going to school or departing for home.

Designed by Janet Schreiber and Lenore Malloy, the pennant depicts a youthful traffic guard performing his duty, and sports an abbreviation of the school's name, O.L.P.H., in bold lettering.

Golf Equipment Stolen Mon. From Lake Merced Links

Golf equipment valued at approximately $250 was taken from showcases at the Lake Merced Golf Links office Monday night in a burglary which police believed was perpetrated by children.

The theft was reported Tuesday morning by Charles Hook, golf pro, after he found several of the office windows had been broken during the night.

Officer Henry Sundermann, after investigation, said that bars on French windows, which were broken, obviously had failed to furnish a means for entrance; that a high window on another side of the office apparently was entered by the burglars.

Sundermann said two bars on the inside of the smaller window would have prevented entrance for a normal size man.

A similar burglary was reported last week at the Lakeside links, police said.

Stag Dinner, Ball Held This Week By Eagles Aerie

A double celebration of St. Patrick's Day — one exclusively for members and another for members and their guests—is being planned this week by the local Eagles aerie. Corned beef and cabbage will be the menu tonight at the Eagles' stag dinner, which will feature typically Irish chow prepared by the expert hands of "Dinty Moore" Quickie.

An initiation class of some 30-40 new members will be officially inducted into the aerie, according to Gus Ford, chairman. Tommy Goslin will be principal speaker.

Another featured event on the March social calendar is the St. Patrick's ball slated for Saturday night. A three-piece orchestra will play for dancing. Committee members report a choice menu for the party fare.

Local Man Fined On Morals Count

Mike Pappas, 55-year-old Daly City man, was fined $50 and given a one-year probation term last Friday on conviction of indecent exposure charges.

Boy, 4½, Injured In Tricycle Mishap

Joseph Macario, four and a half years old, was treated at Junipero Serra Hospital last Thursday for minor injuries sustained in an autotricycle accident at Mission and Gambetta streets.

Police said Joseph was injured when he lost control of his tricycle going downhill on Gambetta street, riding out into the road and crashing against the right front fender of an automobile.

The accident was reported by Walter Howard McCallum of San Francisco, owner of the car. McCallum was not held.

The boy was treated for lacerations of the hand and tongue, and bruises.

Mission Closes At Holy Angels Catholic Church

Sunday will mark the closing of a successful mission at Holy Angels Church, San Pedro road, Colma. Services which include sermons and instruction on doctrinal and moral issues of current interest are held each evening at 7:30 p. m. There are special masses each morning at 6:15 and 7:30 a.m. There are special devotions each morning at 7:30 a.m.

A large attendance is expected at the masses and the reception of holy communion on Sunday at 7, 8:30 and 10:30 a.m., and 12:15 p.m. At 7:30 p.m. the solemn ceremonies of closing will take place. These consist of the ancient rite of the renewal of the baptismal promises, the solemn profession of faith, and most important of all will be the conferring of the personal blessing of the Holy Father Pius the XII.

The Rev. John Morissey, pastor, has extended cordial invitation to all Catholics and non-Catholics to partcipate in the closing of the missions this Sunday.

Police Cars, Fire Trucks Respond; Letters Get Mailed

Varied are the duties of the Daly City Police Department, as is evident each week as local officers find themselves called upon to perform such tasks and favors as are not included in the popular conception of a policeman's work.

Police Chief Wilbur Sunderland reached into his breast pocket yesterday, drew forth three letters and dropped them into a post box.

The chief hadn't been catching up on his correspondence; they were written by Mrs. Erica Johnson, an 87-year-old lady from Ferndale, Washington, who had become confused at the difference between a mail box and a fire alarm box.

Mrs. John became so befuddled when a squad of fire trucks and police cars responded to her letter-mailing gesture, that she forgot which direction would lead her home. Whereupon the chief drove her around town in the staff car until she recognized the residence of her nephew, Oscar Johnson, on Winchester street.

Chief Sunderland took it upon himself to send the letters on their way.

Rose Lopez Admits 1 Smuggling Count; Denies Another

Rose Lopez, 31, who was arrested by Daly City police on charges of dope smuggling in January, pleaded guilty to one count of possession of heroin and not guilty to a second before Superior Judge A. R. Cotton last week.

Miss Lopez, whom narcotics agents believe to be a member of a gigantic international narcotics ring, refused to admit a quantity of dope found in her Daly City apartment was hers.

However, several capsules of the drug were found on her person after the arrest. Twenty-two capsules and eight bindles of heroin were found in her quarters after the hotel proprietor had notified police.

Bail was set at $10,000 to preclude the possibility of her fleeing to Mexico.

D. C. Baseball Club To Receive Cups In Theatre Ceremony

Individual trophies for members of the Daly City Baseball Club, winners of both National and American League recreation championships, will be awarded Sunday night in a public ceremony at the Daly City Theatre.

Edward J. Dennis will be master of ceremonies in the 8 p. m. event.

The trophies are being awarded by Ed White, manager of the team, who in turn will be presented with a San Francisco Recreation Department trophy for the club.

Supervisors Name Architects For New T.B. Hospital

The San Mateo County Board of Supervisors last week announced their choice of an architectural firm to build a new county tuberculosis hospital — if and when a bond issue for the building is passed.

The supervisors said Stone and Maloy probably would get the contract, after considering two applications to draw up the plans. The San Mateo County Board of Architects also had made an offer.

A supervisor spokesman disclosed that the decision was made on a standpoint of finances. Both firms had offered to draw plans for an eight per cent fee ($120,000), but the San Mateo board of architects would require an extra $25,000 for the expense of a hospital planning expert.

The Daly City Recreation department is sponsoring a gigantic Easter egg hunt to be held on Saturday, March 27, at the Jefferson Union High School grounds.

All girls and boys are to report to the high school gymnasium for games and relays at 10 a. m. At 11 a. m. everyone will be turned loose on the football field to try their luck on finding colored eggs and candy.

Different areas will be designated for each age group. The five year olds and under, and the six and seven year olds will hunt in the area south of the football field. The ages eight, nine, and ten will have the area north of the football field for their hunting grounds. The eleven year olds and over will have the area west of the football field to try to out-hunt each other for the record prizes.

Special prizes will be awarded to the best egg hunters in each age group. Prizes will also be given to all winners in the games and relays held in the gym prior to the egg hunt. Every girl and boy who attends is promised to get something.

The girls' folk dancing classes will be held on Friday, March 26, during Easter week so as not to conflict with the egg hunt.

Kite-Flying and Marble Tournaments

The Daly City Recreation department is sponsoring kite-flying and marble tournaments during Easter vacation week which starts Monday, March 22.

The tournaments will be held at Marchbanks park, kite-flying on Tuesday, March 23; marbles, March 26. Contests will start at 10 a. m. The classes of competition are: nine years old and under; ten, eleven, and twelve years old; and thirteen years old and over.

All boys interested should sign-up with the playground directors, Glen South at Marchbank park and Bob Seiler at the high school or Ben Leep at Lincoln playground. The directors on the grounds will supply you with the rules.

Some rules applying to the kite-flying tournament are:

All kites must be home made by the contestants. Kites assembled from purchased kits will not be permitted. Entrants in the nine years old and under class may have adult assistance in the construction of their kites, but may not enter a kite wholly made by an adult.

Any type of kite may be used. Each contestant will be allowed an assistant.

Kites will be judged as follows:

a. First kite to get into the air.

b. Kite getting out the greatest distance.

c. Best constructed kite.

d. Most original or novel kite.

In addition to the above contest there will also be an award made for the smallest kite that will fly.

Winners in each age group will be eligible to compete in the San Mateo county tournaments to be held at Flood Park on March 24 for kite flying and on April 24 for marbles.

POLITICAL PICTURE

One of the greatest free-for-alls in history is shaping up on the American political scene. Things are already moving so fast it's hard to keep up with the developments.

In one week's time General MacArthur announces that he will accept the nomination (he doesn't say whose) if it is offered him, President Truman tosses his hat into the ring, Stassen and Dewey slug it out in New Hampshire for delegates — and both come out strong, and the Southern revolt roars louder.

While the MacArthur boom — real or artificial — is already well under way the General's chances of getting the GOP nod do not appear strong. The veterans-against-MacArthur groups aren't going to help him either.

President Truman's declaration that he is willing to run was apparently made at this time as his answer to the Southern opposition within the party. There is no question now that he will stick by his guns on the civil rights program and take his chances on what the South will do.

The Stassen-Dewey tussle in New Hampshire gave the New York Governor 6 of the 8 delegates, but the Minnesotan's showing was considered good, nevertheless. A more crucial test for both Dewey and Stassen, and one that may make or break MacArthur, is the Wisconsin primary next month. It will be remembered that the Wisconsin primary in 1944 finished Wendell Willkie politically.

GIVE IT MEANING

Too often, we Americans set aside a week for re-dedicating ourselves to a worthy purpose — and then forget about the week after that. For instance, we observed Conservation Week from March 7 to 14. We've observed that week for years. Yet, how much are we actually doing toward conserving the great natural resources with which we are blessed? Not nearly so much as we should.

The present drouth has given us a sharp reminder of our dependence on Nature. We have been shocked by the realization that however self-sufficient our civilization may seem it would soon fall apart without the aid of the rain to swell the rivers and nurse the soil. This suggests that we would be wise to make greater efforts toward both water and soil conservation.

During an emergency we become conservation minded, of course. But that does nothing toward preventing the emergency. Conservation must be planned on a long range basis and practiced all year round. Only by so doing can we achieve real progress and give Conservation Week a real meaning.

THIS WEEK IN HISTORY

Thirty-two years ago this week — 1916 — General Pershing was chasing Pancho Villa in Mexico. Villa and his band had raided Columbus, New Mexico on March 9. The "war" with Villa ended early in May. One of Pershing's second lieutenants was a young chap named George C. Marshall.

On March 16, 1935 Hitler broke the Versailles treaty and ordered conscription in Germany. Almost exactly a year later his troops were reoccupying the demilitarized Rhineland in violation of the Locarno pact. And two years ago that — again in mid-March — German troops were marching over Austria.

On March 14, 1939 the Republic of Czechoslovakia was dissolved and Hitler's troops began their march into that country.

The first American troops arrived in Australia on March 16, 1942. On March 17, General MacArthur reached Australia after his successful escape from Bataan in the Philippines.

A warlike week, to say the least.

Bob Sylvestri Only Remaining Golfer In Amateur Tourney

Bob Sylvestri, twice runner-up for the title of San Francisco Amateur Golf Champion, is the only remaining Daly City contestant in the current amateur tourney.

Bob remained in the race last Sunday as Pete Markovich, only other local golfer competing in the last elimination matches, bowed to Dick Bailey, northern California medal champion, two and one.

Parring his way toward the championship, Sylvestri must win in the quarter-finals this Saturday, to compete in the semi-finals Sunday. This accomplished, he will face the supreme test to achieve his nearly-found goal for the past three years — securing the title.

From all indications, Bob may finally overcome the jinx which kept him from copping the cup in 1946 and '47. At present he is listed as prime favorite to take the championship.

Meeting Called To Plan Serra High Fathers' Club May Carnival

A special meeting for all members of the Serra High School Fathers' club and Mothers' auxiliary has been called for Friday, March 19 at 8:30 p. m. in the school auditorium to discuss plans for the annual carnival, sponsored by the Fathers' club. This year the big event will take place on Sunday, May 16, at the school.

In the past the affair has been a great success and it is hoped that this year's carnival will be no exception. Proceeds this year will be used to develop the school's athletic and library programs.

Committees are already hard at work on their individual tasks. At an earlier meeting Club President Frank Sheedy named M. McCormick general chairman of the carnival and Mrs. J. Loretz co-chairman. R. A. Greene past president, is chairman of tickets and prizes and J. Spellman is chairman of the publicity committee.

Catholic Daughters To Sponsor Benefit Fashion Show, Tea

Several members of Court St. Mary, Catholic Daughters of America, are planning to attend a spring fashion tea March 31 at St. Matthew's Auditorium in San Mateo.

The tea is being sponsored by the C.D.A. as a fund-raising project to secure money for the education fund at St. Patrick's Seminary in Menlo Park and the Hanna Center.

An outstanding peninsula dress shop will provide the garments to be shown during the afternoon event. Tickets are priced at $1.25 including tax, and may be obtained from Jeanette Lacchini, grand regent, JUniper 4-2768.

Members enjoying Mrs. Duffy's hospitality included Mrs. J. J. Loretz, Mrs. R. C. Ivani, Mrs. J. H. Flanagan, Mrs. G. Marianetti, Mrs. H. Varni, Mrs. M. McCormick, Mrs. A. L. Mori, Mrs. M. McDermott, Mrs. E. Giacchino, Mrs. J. Atkinson, Mrs. R. McLaughlin and Mrs. W. Craft.

Removing Fat

Often soup stock or gravy is too greasy and there is not time to cool it so the congealed fat can rise to the top. Wrap a couple of ice cubes in a small piece of cheesecloth and run over the top of the soup or gravy. The excess fat will collect on the cold surface of the cloth and thus can be removed easily.

Poultry Breeding

According to R. S. Dearstyne, North Carolina State college, there is no "ultra-superior" strain of chickens. However, says Dr. Dearstyne, some breeds have better records than others as broilers or egg-layers. It is the breeding within the stock selected that counts. A chick's quality is determined by breeding before the egg is hatched.

Softball League Is Formed Here By Recreation Dept.

The just closed baseball league for the grammar schools of Daly City proved such a success that the Daly City Recreation department and the Jefferson School district are joining forces to provide a complete spring sports program. The Daly City Merchants association is helping considerably by providing trophies and individual medals for the winners in each sport.

Softball baseball is underway with daily practices, started last Monday, at Jefferson elementary, Woodrow Wilson elementary, and Crocker elementary. The coaches are Don Pagani, Jefferson instructor; Art Valverde and Bob Seiler, students at San Francisco State college, majoring in physical education. Valverde and Seiler are graduates of Jefferson Union High school.

Practice games played this week are as follows: Crocker vs. Woodrow at Marchbanks on Thursday at 4:15 and Jefferson vs. Crocker at Jefferson on Wednesday at 4:15. Other practice games are scheduled for Easter vacation week.

The opening league game is scheduled for Wednesday, March 31, with Woodrow playing Crocker at Marchbanks starting at 4:15. Jefferson opens its league play with a game on Friday, April 2, at Marchbank. Crocker will be the opposing team.

This newly formed league will be known as the Daly City Junior softball league.

Crocker Elementary reports a record turnout of 46 boys. The other schools also have large turnouts.

From the great interest shown it has become apparent one league will not take care of all the boys anxious to participate. It is contemplated to set up two leagues. The A league for boys in the seventh and eighth grades and a B league for boys in the sixth and fifth grades.

The Jefferson School district has purchased softball shirts and caps in the appropriate school colors, catchers' equipment, bats and balls.

The budding Joe DiMaggios and Ted Williams are diligently preparing and anxiously awaiting the umpire's call of "batter-up, play ball" on April 31 at Marchbanks park.

Track and field meets and handball tournaments will follow the close of the softball league. Girls will be included in the handball tournaments.

Edward J. Dennis Thanks Localites For Compliments

Voicing his thanks to the many who have recently complimented him on his fine work on the city council, Edward J. Dennis stated that he was surprised and elated in finding so many people interested not only in his campaign for re-election to the council on April 13 but also at their interest in city government.

"The expression of the people and their desire for active participation in local affairs has proved to me that hard work and progressive ideas are appreciated and welcomed. The protection given school children by the new safety program and new, modern arterial stop signs has been especially noticed by parents and this gives me a further incentive to continue the work that has already been started," said Dennis.

In addition, Dennis announced the receipt of endorsements by the Daly City Better Government Club and the United American Federation of Labor Committee of San Mateo County. "Such endorsements," he stated, "from progressive civic and labor groups are indicative of the interest in a modern Daly City and are received with gratitude. With this help, I am certain I will be able to continue the work I am doing on the and plan further improve- or the benefit of the city."

Ed Mooney Tells Qualifications For City Council

I, Edward J. Mooney, take this opportunity to introduce myself to the voters of Daly City.

The coming election on April 13 affords the citizens of Daly City the choice of retaining the incumbent councilmen or making a change. I offer myself as a candidate for your consideration.

I am fully aware of the responsibility involved and the thought and deliberation necessary to attain results. My educational background, I feel, qualifies me to perform the duties required for this public office. If I am favored by your vote on April 13 I will exert every effort to prove myself worthy of the trust committed to my care. Having lived in Daly City for many years, I am familiar with some of the problems that confront our city.

I have resided at 263 Crocker avenue since 1927. My two daughters attended our public schools, both graduating from Jefferson Union High School. The eldest, Mrs. J. N. Pitcher, taught grade school here and at Brisbane for five years before becoming a housewife. Her sister, Miss Muriel Mooney, is at present clerk in the Daly City Water Department.

Hoping my qualifications merit your approval, I remain

Respectfully,
EDWARD J. MOONEY

Better Gov. Club Endorses Council Candidates March 8

At a meeting at the Little Italy Hall in Daly City on Wednesday, March 8, the Daly City Better Government Club unanimously endorsed incumbents Edward J. Dennis and Daniel A. Dolan for retention on the City Council at the election on April 13, according to Peter J. Markovich, president of the organization.

"Our endorsement was given to the incumbents because of excellent work of the present City Council and we feel Dennis and Dolan with their backgrounds of labor and business are the men best qualified of all the candidates to continue the work and program set forth by the council," said Markovich.

The Daly City Better Government Club is a non-sectarian group who take pride in efficient, economical city government and keep a constant eye on the manner of its operation. It holds announced meetings and surveys the working of the local government with an idea of improvement and progress.

Dennis, Dolan Get AFL Support

Full support of Edward J. Dennis and Daniel A. Dolan in their campaign for the Daly City city council was granted last week by the United A.F.L. Committee of San Mateo County.

Dennis and Dolan won the A.F.L. support by unanimous vote at a special committee meeting to determine labor support for candidates in the various municipalities throughout the county.

Dennis received labor support in 1944, when he was elected to the council.

Daniel A. Dolan Claims Support Of Business Men

Daniel A. Dolan has the full endorsement of business men in Daly City, according to word from his campaign headquarters. "Business men are anxious to have continued representation on the City Council in addition to professional and labor representatives," stated Dolan's headquarters. "A well-balanced council must have experienced business men to function in its present excellent manner.

"Dolan has a fine background of business experience, being a member of a large, local firm connected with building materials and is a contractor as well. The problems of operating a city are not different than those in the operation of a good, economical business and an experienced man is necessary in its successful operation."

Daniel A. Dolan also received the endorsements of the Daly City Better Government Club and the United American Federation of Labor Committee of San Mateo County which indicates the high respect that labor holds for him.

Upon being informed of the endorsements, Dolan stated, "The continued cooperation between labor and management will do much to aid our city and to expand its progress, and the endorsement of the civic club is gratifying to me in my candidacy."

OLPH Mothers Schedule Dessert Whist For April

Preparations for the monthly dessert whist party scheduled for April 6 were made last Friday at the Mothers' Club meeting in Our Lady of Perpetual Help School.

The dessert will be prepared and served by Mesdames Katherine Bradley, Jeanette Gray, Mary Calegari and Tess Sullivan, Mrs. Susan Schroeder, whist chairman, will be assisted by Lea Miller.

After the meeting, entertainment was provided by the Kitera Club girls. Refreshments were served by Mrs. Miller and her committee of third grade mothers.

S.F. Safety Council Says Cramp Wheels

"Cramp those wheels tightly against the curb. Set the brake and place the car in gear when parking on an incline."

This warning came today from Henry E. North, president of the San Francisco Chapter of the National Safety Council, who pointed to the high number of "runaway" cars reported in San Francisco each month.

"One small child has been killed and two others seriously hurt here during the past few days," North stated. The number of runaways averaged 54 per month last year.

Nomination of officers will feature the next meeting.

Eighty-five driverless cars have broken laws during the first two months of 1948," North declared. "Each of these cars is a potential killer. There is a possibility that one of them may kill and injure a very large number of people any day. Drastic steps should be taken by the courts to stamp out this careless and continuing menace. The high rate of runaway cars can only be reduced by compulsory motor vehicle inspection, 'on-the-spot' education, and fines high enough to deter violators." North added.

Lt. Arthur P. Williams, traffic analyst for the San Francisco Police Department reported that the arrests for violation of Section 58 of the Traffic Ordinance — failure to park the car properly on an incline numbered 2,640 during the month of January. This is about the average number of arrests for the violation each month, Lt. Williams pointed out.

"Two persons were killed, 23 injured, and 669 property damage suits resulted from the 649 runaways during 1946," Lt. Williams stated.

"Defective hand brakes and "slightly" cramped wheels allowed a car to break lose after only a mild jar from another auto," he said.

The Safety Council has provided some posters during the past year and presently will develop a new type poster to be placed on inclines throughout the city to call attention to the hazards of improper parking, Iver C. Larson, chapter managing director reported.

Hotels will be asked to cooperate by placing the posters in lobbies so that out-of-town guests—frequent violators — may be made aware of the dangers, Larson said.

Californians To Pay $506 Each On Total Tax Bill

The tax bill on Californians for 1947-48 will average about $506 per capita, almost as much as the $524 per capita war-time peak of 1944-45, California Taxpayers' association reported today.

This year's $506 tax bill per capita is made up of an estimated $382 federal taxes, $68 state taxes, and about $56 of local government taxes.

The fiscal 1945 all-time peak was made up of $422 federal taxes, $63 state taxes, and $39 local taxes, reaching the all-time high total of $524 per capita.

Pre-war 1940-41 tax bill on Californians averaged $152 per capita, with $57 federal, $51 state, and $44 local, the association said.

The total tax bill on Californians for the current fiscal year is expected to top $5 billion.

Federal taxes on Californians, based on revenues of $45.2 billions for 1947-48, will amount to $3,842,000,000.

State revenues from taxes are estimated in the governor's budget at $686,000,000 for this (1947-48) fiscal year.

Property tax levies for counties, schools, and special districts for 1947-48 total $451,322,847, including those for the city and county of San Francisco. City taxes are yet to be reported, but are expected to top $105,000,000, excluding San Francisco. City sales taxes, expected to yield $25,000,000, are not included.

"Californians during the present year are being called upon to pay taxes equal to almost half the total assessed value of taxable property in the state, which is almost $11 billion for this year," the association declared.

"How long can any economy continue to support government to the tune of half its taxable valuation?" the association asked, pointing out that a $40 billion federal budget and a $1 billion state budget indicate no decrease in demands on taxpayers for the support of government.

Navy Recruiting Man Lists Advantages Of Service Trade Training

Navy service now offers the high school graduate the equivalent of four years' specialized trade education in a year's concentrated course, the navy recruiting station at Redwood City disclosed this week.

Comparing the navy's method of trade training to four-year college preparation for trade, Chief Petty Officer A. B. Doyle said today the navy has been the first to recognize the merits of speed-up training and intensive study.

The fine for violation of Section 58 is $5. If a car breaks away the fine usually is from $15 to $20—in addition to costs for damages and injuries, police officials reported.

THINK!

Man uses thought, an animal uses caution. The California Highway Patrol has learned when a driver uses both he has a combination hard to beat.

COURTESY

The California Highway Patrol recommends COURTESY. When put into practice it will prevent accidents. Applied courtesy means to consider the other person's safety and welfare.

WATCH IT!

The California Highway Patrol says your car cannot think for itself. Automobiles just do not have accidents, their drivers do.

Greek Societies Grand Ball Is Slated March 21

Celebrating the 127th anniversary of Greek Independence Day, the United Hellenic Societies will hold their annual literary-patriotic exercises and grand ball, next Sunday evening, March 21, in the Civic Auditorium. Several thousand members of scores of Greek-American societies and auxiliaries will take part in the fete, according to Danis Zabelle, publicity committee chairman.

At 8:15 p. m. the stage program will start, featuring a classic Grecian ballet by the famed Peters-Wright ballet stars, and outstanding musical and vocal numbers. A short speaking program will follow, including addresses by Governor Earl Warren, Mayor Elmer E. Robinson, Chairman William Petros, and the Honorable Greek Consul-General.

The grand ball will begin at 9:30 p. m., John Afendros directing the augmented orchestra furnishing the musical accompaniment for dancing, the entrancing picturesque Greek steps vieing with the latest in American modernistic king terpsichore for favor. Tickets are now available from committee members and organizations, and also on the night of March 21 at the Civic Auditorium box-office. Proceeds will aid Greek war orphans.

Taheny of the organization fostering the movement, has announced.

Heavy Coal Users

Railroads consumed 22 per cent of the total bituminous coal production in 1945.

Hard to Grow

In general, eggplant is not a good plant for the beginner, or very small gardener to grow. It requires a long, warm season, abundant moisture, a very rich soil and arduous attention to insect and disease control. Its food value is very low. Three or four good plants will produce enough for a family, but most gardeners are disappointed with results.

The shamrock is not a native plant of Ireland. There is no plant known as shamrock, which is peculiar to Ireland. White clover known in various sections of Ireland as shamrock grow abundantly in the United States. The name of shamrock is most commonly given to one of the hop clovers widely diffused over Ireland but not peculiar only to it.

News Column For The Veterans

The number of World War II veterans enrolled in school or taking on-the-job training in the Veterans Administration Branch 12 area (California, Arizona, Nevada and Hawaii) jumped from 12,000 to more than 200,000 in two years time.

The more than 200,000 veterans taking advantage of the educational and job-training provisions of the G.I. Bill and Public Law 16, for disabled veterans, in February of this year, represents an increase of 1,500 per cent over two years ago.

This year the state of California showed the greatest increase in the nation in the number of veterans entering training and VA officials do not expect the registration of veterans in school to reach the peak until the spring of 1949.

Cost of the educational and job-training program in the Branch 12 area is roughly one million dollars a month for tuition and books and six million dollars a month for subsistence allowances, VA records reveal.

More than 2,500,000 veterans were taking G.I. Bill training in the nation's schools and job-training establishments by the end of 1947. Of the total, a record number of 2,014,821 were enrolled in educational institutions.

At the same time, nearly 256,000 disabled veterans were enrolled in all types of training under Public Law 16. About 147,000 of these were in schools, colleges and universities and the remaining 108,706 were training on-the-job.

Question: I have completed my job-training course and find that I still have entitlement left under the educational provisions of the G.I. Bill. Will I be permitted to go to another school for the remainder of my entitlement?

Answer: If you have entitlement time left, you may use the remainder either for job-training or for educational training with Veterans Administration prior approval.

Question: How are places of job-training approved under the G.I. Bill and how does a veteran find out what establishments are approved?

Answer: Training establishments are approved by state approving agencies for job-training under the Servicemen's Readjustment Act (G.I. Bill). All VA offices maintain a list of approved establishments in the area in which they are located.

Announce Services At Geneva Avenue Community Church

The annual Easter Cantata at Geneva Avenue Community Church will be one week early this year. It will be presented by the choir of the church on Palm Sunday at 8 p. m.

The Cantata is Fred B. Holton's "Life Eternal." Jules Routbort, 1770 Lombard, is conducting. Soloists are Mrs. Mary Rewak, 451 Mariposa, Brisbane, soprano; Mrs. Ruth Terrell, 279 Monterey boulevard, contralto; Paul Proctor, 233 Ellington, tenor, and Karl Van Zomeren, 56 Carrizal, bass. A duet will be sung by Mrs. Ruth Parris, 23 Brookdale, and Mrs. Erna Bimson, 985 Vienna.

In addition to the cantata the choir will sing several of their favorite anthems.

In order to give persons working down town a chance to get home and still attend a complete Good Friday service, the services at Geneva Avenue Community Methodist Church have been compressed to an hour and a half. Services will begin at 1 o'clock and continue until 2:30 Good Friday afternoon.

A short but impressive communion service is being planned at Geneva Avenue Community Methodist Church for Maundy Thursday evening at 7:30. The public is invited to observe this anniversary of the Lord's last supper with his disciples.

Approximately 30 new members will be admitted to the membership of Geneva Avenue Community Methodist Church, Geneva at Vienna streets, on Palm Sunday morning. In addition to the usual ritual, an impressive presentation service will be performed. The Reverend Richard Bimson, pastor, will present each person received into membership with symbolic gifts to help the new members keep the vows which they will make during the induction service.

ACCIDENTS
The California Highway Patrol reports that three types of drivers cause most of our traffic accidents; the spectacular "show off" with his foolish and unsafe acts; the discourteous driver who is selfish and reckless, disregarding the rights of others; and the fast stepping "speed maniac" who is always in a rush, too often headed for the cemetery.

PROPER LUBRICATION
Improper lubrication of bearings and bearing surfaces is responsible for many automobile breakdowns, according to the California State Automobile Association, which advises motorists to select a reliable lubricating service and have all lubricating done by that service, if possible.

HELP SAFETY PATROLS
Cooperation with School Safety Patrols is urged on drivers by the California State Automobile Association. Slow down in school zones, and come to a full stop when Patrol boys signal that children are crossing or about to cross.

it takes TEAMWORK to SAVE electricity

Water is the lifeblood of California, and the burden of the critical water shortage must be shared by all. Not just the farmer! Industry, labor, business and the home must carry their share.

Long, dry months are ahead. Likelihood of appreciable rain diminishes daily. WATER MUST BE SAVED IN RESERVOIRS to meet even minimum requirements for domestic water supplies, irrigation and power production the rest of the year.

EVERY KILOWATTHOUR OF ELECTRICITY SAVED IS WATER CONSERVED!

ALL POWER THAT CAN BE SAVED MUST BE SAVED!

Teamwork today, through complete and conscientious cooperation with the Public Utilities Commission power curtailment program, will help forestall more severe restrictions later on.

Effective cutbacks by business, agriculture and industry today will minimize shutdowns and unemployment necessary despite all human efforts to counteract the drastic effects of drought in California.

here's how YOU can help:

1 FARMER
You, of course, are hardest hit by drought. But everyone else is sacrificing to help you. Industry is taking drastic cutbacks in production. Labor is taking cutbacks in shortened work weeks. Business is working literally in the dark and sacrificing revenues. Housewives, too, are on the team. Your share is a major contribution . . . closing down one day a week your pumps that put precious water on your parched land. Any other power saving you can make will stretch your water supply.

2 INDUSTRY
Management and labor alike are part of the team. Industrial economy and payrolls are inseparable from California's farm economy. And water is as vital to industry as it is to the farm because the bulk of the power that turns industry's wheels depends upon water. Industrial curtailments today forestall more drastic restrictions and greater manpower layoffs later. Every saving you can make will stretch your power supply.

3 BUSINESS
Butcher, banker, merchant, . . . your business in this state is part and parcel of the State's economy. Your contribution in power curtailment is vital to you as well as to the farmer, the industrialist and the laborer. You owe conscientious cooperation to your neighbor as well as to yourself. Police your own premises. See that the Commission's curtailment orders are carried out to the letter. And take whatever further steps you can find to save power and thus conserve precious water.

4 HOME
No power saving is too little to save water. Switching off one little light bulb for one hour seems a small way to cooperate in this emergency. But multiply your one light by thousands of homes in Northern and Central California and you will save enough water to operate a giant 100,000 horsepower electric plant for that one hour. Housewives can and must play a helpful role during this emergency. Switch off and turn out appliances and lights when not in use. Every little bit of electricity you save contributes to the public good.

Prospect for Oil

At least four major oil companies are prospecting for oil on the coast of North Carolina.

First Aerial Unit Of Cal. Natl. Guard To Be Activated

Activation of the first unit of the California National Guard's aerial defense for northern California — the 61st Fighter Wing, was announced today by Major General Curtis D. O'Sullivan, the adjutant general of California.

The Fighter Wing's headquarters and headquarters squadron must have sufficient men enlisted to be federally inspected on April 4, Colonel John Felton Turner, wing executive officer, said today at the 61st's headquarters at the California National Guard Center, Alameda.

"Organization of this Fighter wing has been given top priority in both the state and national defense picture," said Colonel Turner. "We have less than 30 days in which to build the framework of officers and men which during the coming months will expand to a total strength of 2788."

The wing will include the 144th Fighter group, the 194th Fighter squadron and attached units, the 161st Aircraft Control and Warning group, an aircraft control squadron, and two aricraft control and warning squadrons, with other attached units.

Tactical aircraft of the wing will include P-51 Mustang fighters and A-26 Invader twin-engined light bombers. In addition the flying units have AT-6 and AT-11 training aircraft and C-47 cargo and transport planes.

Both veterans and men without previous military experience are needed immediately in the wing headquarters squadron, said Major Jack B. Amphlett, the squadron commander. Young men between 17 and 34 in good physical condition are eligible regardless of military experience, while veterans over 34 are eligible depending upon their previous service.

Membership in the California Air National Guard requires approximately four hours of training per week. A full day's regular Air Force pay is given for each training period, with annual pay scales for enlisted personnel ranging from $157.50 for a private to $346.50 for a master sergeant.

Men interested in joining the 61st Fighter Wing are asked to visit wing headquarters at the National Guard Center, 2155 Webster street, Alameda, between 12 and 5 p. m. Monday through Friday. Information may be obtained by calling Lakehurst 3-7722.

Mending Holes

In mending a small hole or tear, ravel yarns from a straight inside seam, because repairs with self-thread are most nearly invisible.

OBEY RULES

Does your child ride a bicycle? The California Highway Patrol requests you to tell him that it is necessary for him to obey traffic rules whenever he rides his bike.

Bring in Lumber

About 2 per cent of Illinois' lumber needs come from within the state.

Native to Asia

Alfalfa is native to southwestern Asia and was in use centuries before the Christian era.

NO INCREASE IN RATES ON AUTO INSURANCE

The Farmers Insurance Exchange did not participate in the automobile liability rate increase which became effective for most companies on March 15, 1948. The Farmers Insurance Exchange is still accepting auto owners with good driving records at their current rate of $17.40 each six months (plus a small membership fee for new members of the Exchange). This rate includes bodily injury liability of $5,000 property damage. National Standard Policy. Non Assessable. No mileage restrictions.

NEWS FROM THE SCHOOLS

JEFFERSON

The coming of the Freedom Train has been made the reason for several activities in the kindergarten. Among them have been the learning of new songs and verses about our flag designed to promote the growth of patriotism.

The first grade has had an interesting visual lesson this week. The children were shown the still film "Cinderella." After seeing the picture an interesting discussion of the story took place followed by dramatization. Sandra Shaughnessy was Cinderella and Fred Doren took the part of the prince.

The children in Room 4, the second grade, have a daily newspaper. They call it the "Jack and Jill News," Many interesting news items are printed every day. This helps to stimulate co-operative reading in the class.

The lessons of safety being stressed in the third and fourth grades were greatly augmented by a short talk given the children by Chief of Police Sunderland, who with a co-worker, visited the school. The children were much impressed by the talk which undoubtedly will make them more careful and thoughtful when crossing streets.

The children of the L3 and H3 welcomed a new pupil, Mary Ellen Floyd from Meridan, Washington.

The children of the L4 and H4 welcomed Don Lew Saylor, formerly of San Francisco, and Venia Mayberry from Lindsay, California.

WOODROW WILSON

The students of the 7th and 8th grades are studying the myths and legends of Greece. Stories such as Homer's "Story of the Trojan War and the Wooden Horse" is one especially liked by all. Some of the other story-poems of the bards are Jason and the crew of his ship the Argo. Another story, which is liked is about Ulysses, the Greek hero of the Trojan War, and is found in the Odyessy of Homer.

The students of the high sixth and low seventh are studying "Stepping Stones of the Pacific." These are the islands of Midway, Wake, Guam, and Samoa. The students are learning the importance of these islands to the United States.

The fifth grade is studying the things that colonial boys and girls did while our country was still owned by England. In New England only the grown-ups could eat salt pork for breakfast. The children had to be content with corn meal mush. The class agreed that if there were salt pork on the table, everyone in the family should eat it.

Woodrow Wilson entered the Daly City Elementary School basketball league.

The boys and girls of the fifth grade are studying about the New England colonies. They are very interested in the stories of how these colonial children lived and played.

The boys and girls of the high fourth are adding pages to their exico notebook. The early history of exico telling of Cortez' conquest was studied, written, and discussed.

The low fourth is now busily at work on subtraction. They are learning to do it by the additive method. The high fourth is working on multiplication tables. Most members know the 7's and 8's and are studying the 9's. They are also working on division which is of course a way of proving multiplication.

The children of the high third grade have been studying rubber plantations. They have learned that on a plantation the trees grow in rows. Because of the great need for rubber today, most of the world's rubber is grown on these plantations.

The following children in the low and high third grade have had perfect attendance records from February 23 to arch 9, 1948: Low third, Charles Banfield, Charles Brobeck, Caroline Cameron, Sharon Casad, Kenneth Day, Gary Gardner, Marcus Glover, John Haber, Marcea Hall, Donna Iverson, Darlene Knight, Myrna Lange, Geraldi Lunghi, William Magie, Alan Mateer, Henri Oliver, Pauline Sharp, Clinton Thistle, Steven Van Otter, Rae Alle Ward, Ronald Williams.

High third, Johanna Hedvall, Jack Klinger, Angela Sanderl.

For music appreciation the low and high eighth are fixing a bulletin board showing the study of the Gilbert and Sullivan operetta H.M.S. Pinafore.

Twelve boys in room six have signed up to play soft ball. Bob Seiler will coach the Crocker teams.

Now that a successful basketball season is over Crocker boys are looking forward to an exciting and equally successful softball season. The high seventh boys who were on the basketball team intend to try out for the softball teams, and have set the winning of another trophy as their goal.

Robert Stone and family spent the week end at Guerneville.

As the winner of the Lincoln essay contest, Marcia Golden, is now in Room 4, the Lincoln plaque will be in that room until next February.

Rooms three and one seem to be vieing for ownership of the Thrift Banner. For the second time this term Room three has it and hopes that they can keep it by encouraging all children to remember their bank money and so learn good thrift habits.

The students of Room two were shown lantern slides entitled "Life in the Pacific States."

Plans Now Being Made For Easter Sunrise Service

Arrangements are being completed this week for the 26th annual Sunrise Easter Service on Mount Davidson on March 28 beginning at 7:02 a. m., with the prelude and trumpet call by the San Francisco Municipal Band under the direction of Philip H. Sapiro.

The sermon will be preached by Dr. Harold N. Geistweit of the Tenth Avenue Baptist Church of Oakland. Also participating in the service will be Chaplain James C. Bean of the Sixth Army, Dr. Ralph W. Bayless of the American Bible Society, Dr. James H. Woodruff of the First Congregational Church and the choir of the Philadelphian Seventh-Day Adventist Church.

Non-sectarian, this service is being arranged by the Citizens' Committee headed by James G. Decatur, founder; Lloyd H. Berendsen, general chairman; the Reverend Clifford H. Jope of the First Christian Church, program chairman, and E. W. Sass, treasurer.
